

Protection before, during, and after an incident

Continuous risk insights

Identify privacy exposure, vulnerabilities, and live-threat signals throughout the policy year.

In-house claims

In-house claims, 24/7, with authority to act immediately so when something happens, there's instant support.

Built to pay

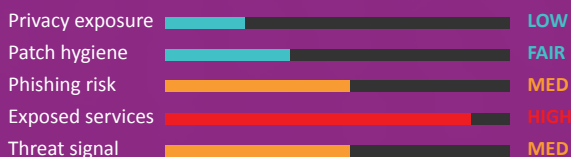

Financial strength and stability from one of the world's leading insurance markets.

RISK INTELLIGENCE

Always-on visibility.

From the moment cover binds, Halo's telemetry is on and accessed through Customer Workbench. External, non-intrusive monitoring highlights privacy gaps, exposed assets, and emerging threat signals, without installation or impact to insureds' systems.
