Fine Art & Specie INTERNATIONAL
POLITICAL VIOLENCE

Acts of terrorism, sabotage, and political violence are rising around the world, including threats to cultural institutions such as museums, art galleries, and stately homes. While high-value public or private collections of artwork and other valuable assets may not be the direct target of an attack, they stand to suffer significant collateral damage or destruction during large-scale incidents, particularly when venues are open to the public.

Mosaic offers a customized global terrorism and sabotage solution for fine art and specie clients. Our product covers physical loss or damage caused by acts of terrorism and sabotage—protecting against direct and indirect exposure to such hazards. Stand-alone policies offer reliable coverage to help clients recover the cost of valuable items after tragedy strikes.
