CLAIMS

Proactive claims management by specialists is at the heart of every risk we cover. Fair handling of claims, and quick payment where agreed, is our promise. Our technically experienced in-house experts provide coverage analysis, strategic overview, and legal and data-driven insights, with continual feedback to our underwriting teams. Claims and underwriting teams work closely together to ensure we meet the needs of our clients. Mosaic's approach is one of ownership, transparency, and efficiency; achieving fair outcomes for our customers is the end goal.

Mosaic has full authority on claims settlement decisions.

Why it matters for INNOVATOR ONE

Specialist claims lens

Fintech, digital asset, crime and cyber/technology issues often require coordinated legal, forensic, technical and valuation inputs.

Integrated product support

Because Innovator One is a package wording, in-house coordination helps align coverage analysis across D&O, E&O, crime and cyber/tech modules.

Broker/client communication

A single Mosaic point of communication supports clearer escalation, settlement strategy and claims feedback into underwriting.
